- Join exclusive events to learn the latest technologies
- Expand your network & work with Microsoft Staff
- Organize amazing events & hackathons for the community

Microsoft Student Partners

A global community of awesome student developers

www.microsoftstudentpartners.com

Mission

It's about YOU and MICROSOFT

MICROSOFT

is looking for ambassadors to bring our newest technologies to student communities in your campus.

MICROSOFT

needs YOU to ready your student communities to be ready for the FUTURE of technology.

Why MSP?

What's in it for you?

YOU

are a technical evangelist understudy.

A technical evangelist **connects people** who create and develop software to the **latest technology** they need.

YOU

are the first in campus to get access to Microsoft products, services and more, for consumers and developers.

YOU get to...

- Grow your technical skills.
- Meet and connect with people from the industry.
- Have free access to a variety of Microsoft software and services (including Azure!)

Our MSPs

in action, both in and out of campus, and outside of Singapore!
